### DETAILED ACTION

1. Claims 21-28 and 34 are pending. Applicant cancelled claims 1-20 and 29-33.
2. The previous rejections are withdrawn pursuant to Applicant's Amendment received April 21, 2004.

#### *Claim Rejections - 35 USC § 103*

3. Claims 21-28 and 34 are rejected under 35 U.S.C. 103(a) as being unpatentable over Ing et al., US 6,746,332.

Ing discloses a system 10, 70 for terminals to interact via a network, e.g. the Internet 80, with other terminals, e.g. 81-83, means for determining a terminals location, e.g. cols. 15, 17, 21, means for linking a terminals location, e.g. 14, 15, 18, 20, to a virtual location, e.g. Figs. 7A, 7B, 8, (world status area), and means for delivering adapting delivery time, e.g. router status and round trip time (e.g. col. 17) and messages sent. Ing does not disclose the term "network recreation," nor zip code terminal locations. Regarding claim 34, the patches discussed by Ing may help compensate delay times. To have provided the delivery time of the games of Ing to have comprised network recreation sent over various common knowledge transmission mechanisms, e.g. Bluetooth wireless technology, would have been obvious to one of ordinary skill in the art. The motivation for doing such would have been to correlate a virtual game to a recreation activity using common knowledge transmission means. Further, it has been common knowledge in log-in procedures to associate a zip code with a terminal location.

To have provided such log-in procedures for Ing, would have been an obvious expedient for one of ordinary skill in the art.

4. Further pertinent references of interest are noted on the attached PTO-892.

### *Conclusion*

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
